

# Celbridge Community School

1<sup>st</sup> October 2020

Dear Parent/Guardian,

As part of Home Economics, students are required to complete a sewing project in October in preparation for their textile CBA (November - December).

Due to the COVID 19 pandemic according to guidelines published by the Department of Education & Skills, students are no longer permitted to share equipment in the Home Economics classroom.

In order to ensure that students have their own equipment we have liaised with a local supplier to provide sewing kits to students at a cost of €15. This cost is payable via your VS Ware account.

Míle Buíochas,

Ruth and Béibhinn,  
Home Economics Department
