## Transition Year 2020-21

24<sup>th</sup> January 2020

Dear Parent/Guardian,

I am writing to you with important updates in relation to our consultation for Transition Year 2020-21.

We would like to extend our thanks to all students and parents for completing our online survey and for attending information sessions in the school.

The results of our consultation were presented to our Board of Management. As a result of the overwhelming majority of you who were in favour of Transition Year in 2020-21, the Board of Management has confirmed that TY will be the only option available to current third year students in 2020-21.

We look forward to planning an exciting and innovative year of learning and personal development for all our students and we are confident that TY 2020-21 will be of great benefit to all.

As previously mentioned, the option for paying the TY fee in instalments will be opened on VShare with immediate effect. The planned costs for 2020-21 are:

TY Fee 2019-20	€400
Annual Class Expense Fee	€100

If you have any queries, please feel free to contact us here in the school.

Is mise, le meas

Gerard O'Leary  
Principal

Deirdre Roddy
